# Housing

- Unlike other countries, in the Netherlands, it is uncommon for universities to provide accommodation for students.
- However, we try our best to provide the best information and help during the 'house hunting' period.
- Student Services (Housing Officer)
- **[uu.nl/housing](https://uu.nl/housing)**

## Tips

Several ways of finding accommodation:

- 'private rental' through agencies, websites
- SSH reserved (especially for international students/staff)
- SSH regular
- Beware of fake announcements: Check the recommendations in universities's website!

## Good to know

**Hospiteren:** Current students will pick their new housemate  
So it helps to actually be in NL.

Rent is roughly €350 - €900 per month (in Utrecht).

## Also look for:

- Temporary accommodation (e.g. through HousingAnywhere)
- A bit further from main cities like Utrecht (e.g. Zeist, Nieuwegein)
