

Research at TBU?

- TBU is a modern university following current trends of higher education in Europe
- ECTS Label, a prestigious certificate awarded to TBU by the European Commission in 2012, demonstrates the high quality of studies at TBU
- Outstanding working and social environment for PhD students and researchers
- Great base and facilities for international scientific cooperation
- Support of research activities including participation in conferences, projects and cooperation with companies and institutions carried out within doctoral programmes
- Full-time PhD students can apply for various exchange programmes and stay one or two semesters at partner universities abroad in order to enhance their knowledge and carry out research
- Specialized research units at TBU: University Institute, Polymer Centre, Centre of Polymer Systems, Centre of Applied Economic Research, Centre for Security, Information and Advanced Technologies
- Our University has conferred honorary degrees upon José Manuel Barroso, Eva Jiřičná, a world renowned architect, Sonja Bata, and the Czech traveller Miroslav Zikmund
